

A BIT ABOUT OUR OUTFITTER

Guide's qualifications:

All guides have "Wilderness First Responder" and "Wilderness First Aid" certificates, along with over 7 years of experience in climbing.

Medical training of the staff on the mountain:

Regular workshops are provided for the cook, camp masters, chief and assistant of the guide. Special attention is paid to medical training. Next workshops will take place in October-November for all our team support.

Key features of the outfitter

They have a refined vision to Kilimanjaro climbing, which means:

- Branded equipment from The North Face, Marmot, and the Mountain Hardware only. All equipment is renovated every two years. Next equipment renovation will be in October.
- Safety is a top priority. All our groups are equipped with oxygen systems, radio stations, equipped medical kits, tonometer, and oximeter.
- With over 1000 successful climbs behind, they've never had a single incident.
- Best menus on the Mountain. They provide cooking classes for all their high-altitude chefs once a year, where they teach them to cook taking into account the taste preferences of European and American guests--also provide vegetarian, halal and kosher meals.
